

KICKOFF SURVEY TO COMPLETED

Client completes a tailored questionnaire to capture key product details, goals, and priorities - the foundation for drafting a VERIFIED Section.

ADDED TO AIRTABLE PARTNER PORTAL

Available across all devices. This Portal includes live tracking of section process and deliverables, as well as 24-hour access to shared files and VERIFIED Sections.

INFORMATION GATHERING

Review the completed kickoff survey, meet with your team, and collect all technical data, product details, and supporting documents needed to shape the foundation of your Section.

1ST DRAFT REVIEW

Initial draft prepared with full structure, product data, and SPEC NOTES for review. Focus is on framework accuracy and gathering client feedback.

2ND DRAFT REVIEW

Refined draft incorporating client feedback, resolving ambiguities, and polishing technical accuracy — near-final and ready for verification.

VERIFIED SEAL

User-Friendly Product Master Sections (Canadian & American Format) with VERIFIED Seal. 3-rd Party Verification that the Section is “Tender Ready!” Valid for 12 months.

OPTION FOR MP4 REVIEW

An educational video walkthrough of a submitted 3-Part Specification, including SPEC NOTE™ Callouts for edits, warnings & tips. Written and narrated by the Founder of V+SPECS.

ANNUAL MAINTENANCE

Never have an “outdated” Section ever again! Maintain the 3-rd Party Validation the industry trusts! **Quality VERIFIED Yearly.**
